- Negotiate, structure, and close OEM contracts

- Build and develop joint go-to-market plans to help drive OEM sales
- Take responsibility for OEM bookings financial results on both a new OEM and sell-through basis
- Provide up to date commercial and market information
- Contribute to the ongoing development of the OEM strategy and product development

Requirements:

- Exceptional communication skills
- Ability to present to large groups in a concise, measured and confident manner
- Provide accurate forecast and pipeline management
- Quickly learn the underlying systems that drive Asavie cloud services
- 4+ years relevant work experience
- Demonstrated knowledge and passion for mobile communication

- Software industry experience is an advantage
- Proven success in creating and developing new business models is desirable
- High energy, team player who motivates and excites others
- Keen traveller, jump on a plane, go there and make it happen
- Partnership builder who understands the value of good relationships
- Demonstrated sales experience, particularly solution selling
- 4 year degree desirable

About Asavie

Asavie is the world's leading developer and provider of cloud-delivered, secure connectivity services to mobile Carriers. Asavie's unique Software-as-a-Service (SaaS) connectivity solution delivers seamless connectivity to the Carrier's customer, regardless of network, technology and locations. This market is poised to grow from zero to almost a billion dollars per year in the next 5-10 years. Asavie has developed world-class products over the past few years and has now reached significant sales and strong profitability.

How to Apply

If you think you have what it takes to really make a contribution in our company then email your CV and cover letter to careers@asavie.com. We offer higher than average compensation reflecting the calibre of person required.
